Explore the new navigation

## Easy accessible main navigation

Open settings and support options

Open your profile

Connect with someone or create a group

Get to know the new activity

Updated conversation list with new activity section

Under **NEW ACTIVITY**, you see all missed calls, mentions, replies, pings, and messages.

After you read the new message, the relevant conversation moves back to the **CONVERSATIONS** section.

NEW ACTIVITY section is only visible when you have a new message, reply, etc.
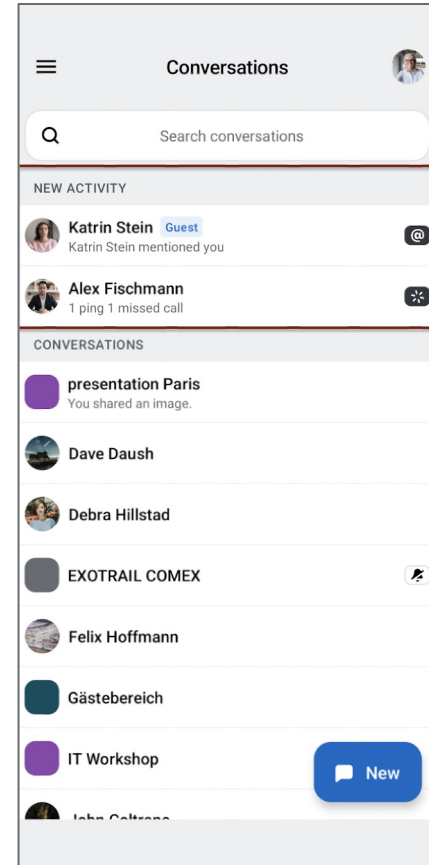

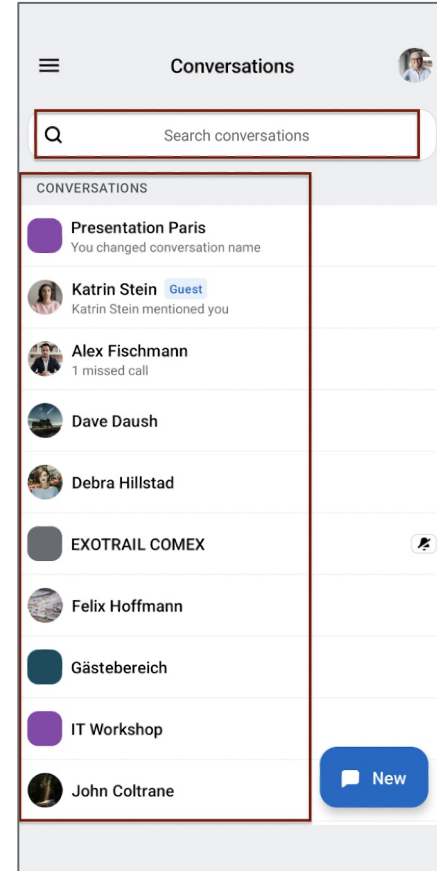

Find your contacts

You are automatically connected with your team members

You find all your contacts (team members, guests, and externals) listed on the main page, the conversation list.

You can also use the search Q to find them.

Create a group

Group conversations

1. Select *NEW* on the conversation list.
2. Select participants.
3. Select *New Group*.
4. Enter a name.
5. Select *Continue*.
6. Select settings and *Continue*.

Start a call

1:1 calls

1. Select your contact and then the calling button.
2. You can turn your camera on before your contact accepts or during the call.

NEW:
Calling controls are accessible all the time during a call

Start a conference call

Up to **100 participants**

1. Select the group conversation and then the calling button.
2. You can turn your camera on before people accept or during the call.

NEW:
Calling controls are accessible all the time during a call

Like a message

React quickly

1. Long press a message.
2. Select the heart button.
3. You see reactions below the message.
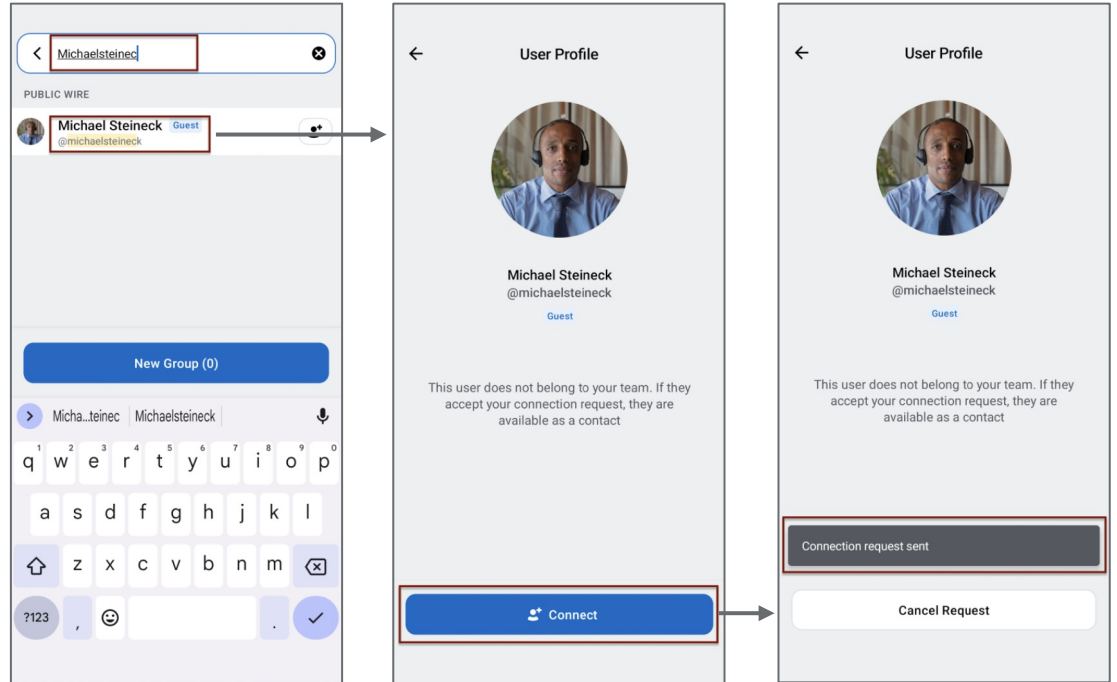

More reactions will follow soon 🙂

Connect with someone outside your team

Invite a guest

Guests are people who use Wire but are not part of your team. Connect with them and add them to a conversation.

1. Select *NEW* on the conversation list.
2. Enter the profile name or username of the person.
3. Select the right person.
4. Select *Connect*.
5. The request is pending.
